

Stem AN: item-02-701293

Stem Example:
What is the most likely diagnosis for this neck lesion/liver biopsy from a 49-year-old male?

Please put one space between sentences.
Please use 'male' and 'female' rather than man, woman, boy, girl, etc.
If you want to delete a question that has been assigned an item number, type "Delete" and add a blank line before the stem. It will be deleted by the ABPath.

Design HTML Preview

DistA
start in lower case except for names.

Design HTML Preview

DistB
period at the end of each distractor.

Design HTML Preview

DistC
no apostrophe ('s) on eponyms, example: Down syndrome.

Design HTML Preview

DistD
gene names should be italicized.

Design HTML Preview

DistE
"all of the above" or "none of the above" are not acceptable distractors.
